

EVERYTHING YOU'VE WONDERED ABOUT...

PSYCHICS

Take 5 puts the hard questions to Helen Dominko, who gives readings at Soul 2 Path, an Aussie online and over-the-phone psychic service

Q HOW OLD WERE YOU WHEN YOU REALISED YOU WERE PSYCHIC?

A I was around eight or nine. I felt different to other kids and could see things happening before it actually did. For example when kids bullied me at school, I would get messages telling me that karma would get them. One time I was told that this particular child would pass over before the age of 50, and I recently found out it was true.

Q HOW DID YOU GET INTO PSYCHIC READINGS OVER THE PHONE?

A One day, my friend from secondary school said that she knew someone who owned a phone psychic business and asked if I would be interested in doing readings. I jumped at the chance as it was a passion of mine.

Q DID YOU HAVE TO PROVE YOUR QUALIFICATIONS BEFORE YOU GOT THE JOB?

A I didn't have to prove my qualifications before I got the job, but I was asked what kind of tools I use, like cards and connecting with guides, and I told them what I did. They seemed pretty impressed and I got the job!

Q ARE PEOPLE OFTEN SCEPTICAL WHEN YOU TELL THEM WHAT YOU DO?

A Yes, I get that all the time! Even when I do a reading off the cuff, people always look confused and ask me, "are you psychic?"

Q HOW DO YOU READ SOMEONE OVER THE PHONE?

A The moment I listen to the person's voice, I can make a judgement based on how they speak to me.

Q IS IT HARDER TO GIVE SOMEONE AN ACCURATE READING WHEN YOU'RE NOT

PHYSICALLY WITH THEM?

A I don't think so. I ask for their angels or spirit guides to come to me. Once I connect, they give me the answer the caller requires at the time. Occasionally, I get symbols or messages from their loved ones, and other times I use my oracle cards to give an accurate reading.

Q DO YOU TRY TO ONLY GIVE PEOPLE POSITIVE NEWS OR DO YOU TELL THEM WHEN YOU PREDICT SOMETHING TERRIBLE?

A I normally give people positive readings, but I can't tell them what their

fate is, as that's not my job. However, I can give them a caution to get something checked out if I feel that something isn't right.

Q WHAT DO PEOPLE MOSTLY ASK YOU ABOUT WHEN THEY CALL?

A I normally get people asking me about their love life, and whether they'll meet the right person, or if they'll change their job in the future, or ask about their finances. Lots of people ask whether they'll win the lotto and if I can predict the numbers. If I knew the lotto numbers I'd be a billionaire by now!

Q HAVE ANY CALLS STUCK IN YOUR MIND?

A Once I finish a call, I do my best to let go of what they've said, otherwise I'd have a permanent headache! I've had one bad caller but other than that they've been okay!

Q HAVE YOU HAD CLIENTS CALL YOU SO REGULARLY THAT YOU BECAME CONCERNED FOR THEM?

A I get one or two that have done so, but I know they will work things out after I have read for them. I send them love and light, and guidance from their spirit guides to help them out.
